## — ABOUT US

We are a general construction company founded by Architect Nabil Boshra early 2007 to provide integrated services to all aspects of construction and to offer a turnkey fit out services ranging from planning, designing, general constructions works, custom made furniture to the procurement of lightings and other miscellaneous elements.

Concept Interiors shaped with a vision of dedication to the most challenging and sophisticated works and offering clients with interior designs solutions. Our in-house joinery factory allows us to deliver our projects on time with the premium quality and competitive cost and helps us to stay abreast with the latest market practices and trends. The factory is staffed with a number of 60 well selected skilled workers and specialists in all production process.

# WHAT WE DO

## Interior Fit Out

Interior Fit Out is our scope of work we are experienced in different sectors: From bank branches, administration offices to fashion and retail outlets, we have vast experience in delivering the full spectrum of fit out and renovation process.

For you, our diverse expertise means certainty on quality, on budget and on time. Our understanding gives you access to experienced team with a deep knowledge for your sector, working on a full range of budgets and ability to work countrywide, We provide a friendly fit-out and renovation services with an attention to detail, quality and design.

### **Keen on Our Client's Satisfaction**

We are always delighted to work with new clients and feel proud when we are recommended by one of our satisfied client, we consider positive word of mouth is the most efficient marketing tool, we stake our professional reputation and success of our venture on your satisfaction and we know by heart that commitments and integrity are the only ways to gain trust thus our personal attention to every single client is a promise.

### **Dedicated to Excellence**

Every corner is made with meticulous care, we are very passionate to details, committed to deliver the best possible material with uncompromising craftsmanship quality and ensuring your safety. We believe that quality and on time completion are the keys to our success.

### **Offer Solutions**

We exert every effort to identify site problems, analyze drawings and verify it with reality as a major cornerstone of any project and then come up with exceptionally efficient solutions.

### **Horizontally Integrated Leverage**

We believe that joinery works always represent the most sophisticated and challenging element in any project and considered the most essential milestone in the project time schedule, our factories in Egypt and UAE allow us a full coordination, control and commitment, more and above the presence of Trace-line in the Arab market provide a strengthened exposure to the latest accessories, display and lighting systems.

### **Backed with a team of professionals**

Our professional Team has a broad range of backgrounds and hands on experience in different types and sizes of businesses; commercial, administrative and residential properties which help us bring a distinctive approach to establish a sound and proactive relations with our company clients.
